

HARDWIRE FACE SHIELD

Included Items

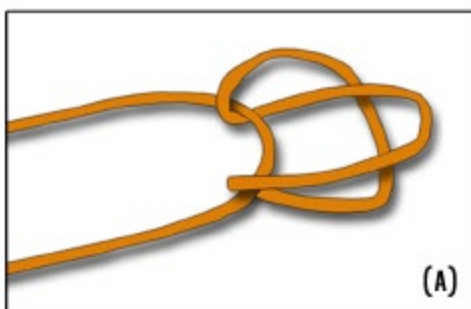

Face shield
Closure bands

Usage Tips

Closure bands are included. Hair ties, latex free rubber bands, tape or string can also be used to close the face shield.

To clean, wipe shield and foam parts with a clean cloth and isopropyl alcohol. Do not completely submerge the mask in isopropyl alcohol.

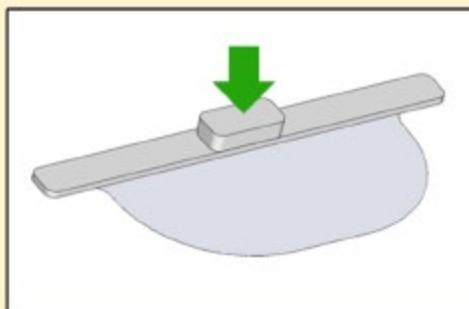

Double wrapped closure bands or hair ties can be used to accommodate larger heads. (A)

Recommended: Store flat without closure band attached.

IMPORTANT:

Before first use, press down with both hands on the forehead pad to maintain full adhesion of the foam.

NOTE: BEFORE USE, WIPE COMPLETELY WITH ISOPROPYL ALCOHOL USING A CLEAN, LINT-FREE CLOTH OR A PRE-PACKAGED WIPE.

Product Assembly Instructions

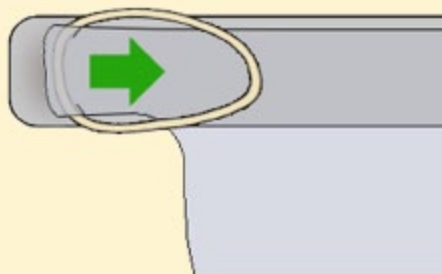

1. Locate attachment tab at rear of shield.

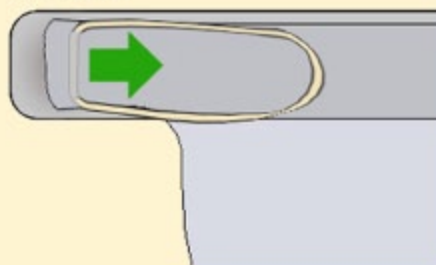

2. Pull the tab away from the foam.

3. Insert the band under the tab.

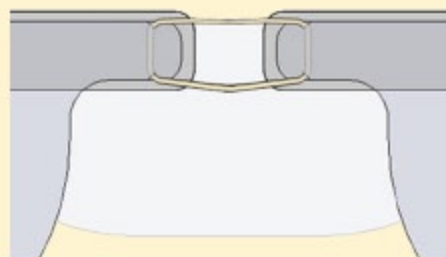

4. Pull the band tight through the tab slots.

5. Release the tab and pull the band tight.

6. Repeat on the other side of the shield to make the connection.

Your shield is now ready to wear.
